In February 2018, internationally renowned muralist MOMO, with the assistance of fellow artists Dan Bortz and Lynnea Holland-Weiss, completed a commissioned mural on the back of the Yuma Art Center and 11 additional works of art identified in this brochure. This project was made possible by a generous donation from the McKivergan family and for in-kind support from the Historic Coronado Motor Hotel, LG Paints and Sun Rentals. MOMO's visit was also supported by City Council in addition to the City of Yuma's Ad Hoc Public Art Committee, Parks, Arts and Recreation Commission, and the Design and Historic Review Commission.
